IMPACT: State & Local

Summary of Legislation: (Amended) *Mortgage Rescue Fraud Protection Act*- The bill makes changes to the mortgage rescue protection fraud act to make it consistent with the credit services organization act and the home loan practices act, including providing that the statute of limitations on filing claims runs for five years from the occurrence of the violation and not from the time the home loan is made.

Real Estate License Suspension- The bill allows for suspension of the license of an individual licensed under the real estate licensing law for an emergency period if the licensee has engaged in material and intentional misrepresentations or omissions. (The law currently allows for emergency suspension of the licenses of real estate appraisers only.)

Homeowner Associations- The bill makes changes to the law governing homeowners associations to make the financial and certain legal records of an association available to members of the association and to the office of the Attorney General (AG).

Effective Date: July 1, 2013.

Explanation of State Expenditures: (Revised) *Homeowner Associations*- The AG may have additional expenditures if they need to obtain printed financial or legal records of a homeowners association. The bill would allow a homeowners association to charge a fee of not more than \$0.10 per printed page given to any person requesting a copy of the financial records.

Mortgage Rescue Fraud Protection Act- If more court cases were to occur as a result of this provision, revenue

to the state General Fund would increase. A civil costs fee of \$100 would be assessed when a civil case is filed, 70% of which would be deposited in the state General Fund if the case is filed in a court of record or 55% if the case is filed in a city or town court.

In addition, some or all of the judicial salaries fee (\$20), public defense administration fee (\$5), court administration fee (\$5), and the judicial insurance adjustment Fee (\$1) are deposited into the state General Fund. Revenue from the pro bono services fee (\$1) is transferred by the State Auditor to the Indiana Bar Foundation for use to assist with pro bono legal services programs in Indiana. And proceeds from the automated record keeping fee (\$5) are deposited into the state User Fee Fund.

Additional fees may be collected at the discretion of the judge and depending upon the particular type of case.

Explanation of State Revenues: *Mortgage Rescue Fraud Protection Act-* The bill would give the AG additional options for penalties and remedies in cases of deceptive acts under the Prohibited Lending Practices Act. Those options include bringing an action in a court of record under which, the court could assess civil penalties. The maximum civil penalty a court may assess, under current law, is \$10,000 per violation.

Class A Misdemeanor- The bill would add more conditions for which a foreclosure consultant could be charged with a Class A misdemeanor. If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class A misdemeanor is \$5,000. Criminal fines are deposited in the Common School Fund.

If the case is filed in a circuit or superior court, 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund. In addition, some or all of the automated record keeping fee (\$5), judicial salaries fee (\$20), public defense administration fee (\$5), court administration fee (\$5), judicial insurance adjustment fee (\$1), and the DNA sample processing fee (\$2) are deposited into the state General Fund.

Explanation of Local Expenditures: *Class A Misdemeanor-* A Class A misdemeanor is punishable by up to one year in jail. The average daily cost to incarcerate a prisoner in a county jail is approximately \$44.

Explanation of Local Revenues: *Class A Misdemeanor-* If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. Persons found guilty of a felony or misdemeanor are also required to pay the document storage fee (\$2), which is deposited into the clerk record perpetuation fund, and the jury fee (\$2) and the law enforcement continuing education fee (\$4), which are both deposited in the county user fee fund.

Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited
